NORTH SIDE NEWS

Conditions Improving in Northern Part of County.

Damage to Union Pacific and Telephone Co. Was Great.

With the passing of the blizzard telephone and railroad service in the northern part of the county is improving. While a number of telephone and telegraph lines were put out of commission by the storm they are being repaired and the poles which were blown down are being replaced. It is expected that all the lines will be in commission within a short length of time.

The Union Pacific has succeeded in getting its western telegraph lines working again and trains with few exceptions are running on time. Trains No. 102 and 110, which were lost yesterday, arrived in Topeka Monday evening and are now running on time. The damage done by the blizzard to the Union Pacific was great. The loss of the Missouri and Kansas Telephone company was also heavy.

However, the telephone company is doing everything in its power to get its lines back in commission as soon as possible.

School to Open Monday.

According to the county officers, the Indian Creek school, which closed Feb. 16 on account of smallpox in that neighborhood, will open next Monday. Since the school was closed no more cases of the disease have been reported in the northern part of the county.

Dealers Recent Warning.

The warning that the corn grown in Kansas during the years of 1912 and 1913 is unfit for seed has caused no little indignation among the North Topeka seed dealers.

"The companies and corporations who are supplying the local farmers and seed dealers a square deal," said Gene Hayes of the Hayes Seed and Corn Company this morning in the northern part of the county this year is as good as any that is being shipped into Kansas from the surrounding states. According to the seed dealers, the supply of seed is somewhat short but what there is of it is good.

A number of the warnings against home grown corn being used for seed have been posted in the stores of North Topeka.

A Washington's birthday social will be given at the North Congregational church Wednesday evening, February 25. The social will be for the members, Sunday school and home department and their friends. Supper will be served at 6:30 and will be followed by an entertainment. The entertainment will be given by the children of the Sunday school and will be of a historical nature.

He Did Much Good.

People living on North Jackson and Laurent street are handing Elmer Hamilton a North Topeka horsehoe, a vote of thanks. Immediately after the snow stopped falling Monday Fisher hitched one of his horses to a snow drag and dragged the snow off the sidewalks of these two streets. Mr. Fisher's idea was a great one and a resident of North Jackson street this morning, "if all the sidewalks in Topeka were dragged in this manner it would be of no little benefit to the residents."

HAMILTON IS HOME.

Topeka Actor Returned From London to Play in New York.

Hale Hamilton, son of Mr. and Mrs. J. D. M. Hamilton, is to return to American stages, according to an article clipped this week from the New York Review. Mr. Hamilton, who spent part of last summer in Topeka, has been for two years in London, where he scored a hit scarcely ever equaled by an American player.

He presented to staid British audiences the essentially Yankee character of "Get-Rich-Quick-Wallington," originally created by Mr. Hamilton in New York. This winter he has been appearing in an English melodrama, "A Pair of Sixes," the new farce by Edward Pepple, which will have its New York premiere some time next month.

This will be Mr. Hamilton's first American appearance since his return from London, where he recently relinquished his tenancy of a theater, after presenting therein and appearing in the first English production of "Get-Rich-Quick-Wallington" and "The Fortune Hunter."

Coincidentally the announcement Mr. Frasse also entered into an arrangement with Messrs. Cohan and Harris whereby George Parsons, who has been on tour with Geo. M. Cohan in "Broadway Jones," will create the other principal comedy role in "A Pair of Sixes," rehearsals of which will begin this morning under the direction of Edgar J. MacGregor.
